

Create your bespoke timber window from Dempsey Dyer

STEP 1

Choose your window style

Stormproof Window

Our timber stormproof window has been designed to provide modern security with traditional looks whilst providing superior protection against the elements.

Flush Casement

Our flush casement windows combine high security with energy efficiency whilst maintaining traditional appearances suited to heritage developments.

Mock Sash Sliding Windows

The mock sash sliding window combines the benefits of our stormproof and flush casement window designs.

Sliding Sash with Spiral Balances

Our box sash sliding windows with spiral balances combine modern security with traditional looks.

Sliding Sash with Weights & Pulleys

Our box sash sliding timber window with weights and pulleys is a premium solution for heritage projects.

Vertical Slider Range
